Sorry for the delay, Kristen. How about Tuesday at 3pm? I have a call just before then so I might be a little late. I will send an invitation to everyone. Let me know if you will all be in the same location. If so, it would be better for Bob and I to gather and call you at that phone number. Thanks.

Sherry

Good Afternoon Sherry,

REI began developing several wells today (6 done so far). Most of these wells showed free product or sheen in the purge water.

The wells in the parking area (shallow and 25ft) both showed sheen in the purge water. The shallow well closest to the tank basin showed film-measurable floating free product. The 40' well closest to the apple tree showed sheen.

We would like to schedule an update call with you and Bob for November 17<sup>th</sup>. We are available in the afternoon between 12 and 4 pm.
